

St Thomas' Church Parish of Kilnhurst

Daily Prayer Diary 2021

for praying at home or join us in
church at 9.00am every weekday
morning for 30-minutes

Why do we need a prayer diary?

This prayer diary is designed to help us pray more specifically and intentionally for the life and work of our church. Through the working week we'll pray for our groups and activities and the teams that lead them.

We'll also pray through our schools and community and different areas of the parish, for our mission to the people and families that live in Kilnhurst.

We've also included prayer points to pray for the wider church: our partner churches, our Diocese and our mission partners, home and overseas.

Our prayer is that this little booklet will focus our prayer life and get us praying together as a church family.

How do I use it?

1. find somewhere quiet you can pray and make it a regular daily time if you can, for about 15-minutes
2. read a short passage from the Bible (a few paragraphs or half a chapter would be great) and spend some time thinking about what it means
3. now spend some time in prayer, using the daily prayer prompts to guide you - you could ask the people and teams what specifically you could pray
